

Prior Notice about Evaluation/Consent for Evaluation

Dear Lynne and Dennis Student Date 6/6/06

Student Name: Sam Student has been referred for an evaluation.

The Team is proposing the following:

<input type="checkbox"/> To evaluate your child. <input type="checkbox"/> To reevaluate your child.	<input type="checkbox"/> Based on a review of existing information, no additional evaluation data are needed to determine if your child is or continues to be eligible for special education services or to determine your child's educational needs.
Reason: Sam has had a great deal of trouble with written assignments this year.	Reason: If you disagree, you may request an assessment.

This proposal is based on the following evaluation procedures, tests, records or reports:

Sam is three grades behind his peers on the State Writing Assessment. He has been coming to school an average of three days per week lately. His teachers think he may be frustrated with the amount of written work he has to do. We want to know if there is assistive technology that may help Sam with his written work.

Other options we considered were:

Shortened assignments, alternative pencil

We decided against these options because:

Tried these but they did not make a difference

Any other factors considered by the team:

Would an alternative keyboard help?

Sincerely, Gayl Bowser, Coordinator
